THINGS FOR CITIZENS TO THINK ABOUT

1. Our road maintenance machinery is getting quite old, a 1948 Grader and a 1952 Loader. Much of our road maintenance money goes into repairs on these two pieces of equipment.

2. By 1975, State law requires the closing of all burning dumps, such as the one the Town uses now. It is recommended that towns go to land fill dumps or to incineration. Because of the high cost involved in rubbish disposal with these types of dumps, it may be advisable to become involved in a regional rubbish removal program.

3. Because of recent National and State attention on ecology, we must also think of the problems the town may face with domestic sewage disposal.

4. At the moment our town is experiencing growing pains, especially in the Swiftwater area. Our planning board needs the support of all Bath citizens to help keep Bath a good place to live in.

5. Because of new laws passed our present ambulance service through Paul Ricker is destined to end. Mrs. Betty Minot and Mrs. Rachael Whitney are serving Bath on an area committee trying to come up with a solution to this problem.

During the summer Arthur Gilbert built bookshelves, a much needed improvement, for the added space permits the most often used reference books to be more conveniently accessible. The addition of the 24 volumes of the 1971 edition of Collier's Encyclopedia brings more up-to-date information particularly in the areas where research is currently being done, astronomy, space and aeronautics, ecology, medicine, technology, etc. Because this was an expensive purchase, and because no state aid grant of \$100 was made as it has been in recent years, fewer books of fiction, both for

adults and juniors, could be bought. We are very fortunate that the bookmobile provides such excellent service and regularly supplements our collection.

As in the past, the trustees and I appreciate the many generous gifts of books and magazines. We now have shelves of paperbacks, some 200 of which were given by Alan Lamarre. Since many gift books were duplicates, 176 books and paperbacks could be added to the Swiftwater collection. Mrs. Bessie Weeks opens her library for two hours on Tuesdays, a great help, especially to students in that area.

For the fifth successive summer Linda Lamarre conducted the weekly Story Hour for seven sessions with from 16 to 24 children, ages 5 to 12. This year her program stressed music, songs, marching games, etc., as well as stories. At the closing session the boys and girls presented a musical program in the Town Hall to which parents and friends were invited, followed by a party for the children. We gratefully acknowledge Linda's continuing interest and the time and energy she has spent in this community effort.

In October Mrs. Bessie Reed and Mrs. Phoebe Carr attended a luncheon meeting at Edencroft Manor for teachers, trustees, and librarians. Speeches by experts were followed by a discussion of ways to bring about closer cooperation between public schools and public libraries.

The North Country Library Council continues its work on how to improve library services. Mrs. Bessie Reed who has served as our delegate since the Council was organized, and who has served as chairman for the past two years has found it necessary to resign the chairmanship for reasons of health.

REPORT OF THE FIRE DEPT.—1971

January — Chimney Fire—Taber House

April — Chicken House—George Woods

October — Automobile Fire—Fish & Game Club

December — Sheffield Tyler—Chimney Fire

This year the department purchased a fitting which will enable us to hook the pumper onto dry hydrants installed in farm ponds. These hydrants are obtained through the County Extension Office and the department hopes that people with farm ponds will install these hydrants when possible.

During the summer, we found the roofing bad on two sides of the fire station. Firemen got together and reroofed these two sides. We also purchased paint and started painting the station, trying to do our part in keeping Bath an attractive place in which to dwell.

During the year we had the good fortune to add three new members to our ranks. Herbert Chamberlain, William Ash and Carlyle Gilbert.

Everybody please help Smokey.

BE CAREFUL WITH FIRE.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Lest We Forget—It Can Happen Here

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds, but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellarholes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947. Nothing could stop the wind-driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand—a lighted match or a glowing cigarette. ,
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.
4. **Most Important**—Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year—1971—was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

REPORT OF THE BATH PLANNING BOARD

In February, 1971 the Selectmen of Bath appointed seven townspeople to serve on the Planning Board. On February 12 the Board met for the first time. As of January 10, 1972 a total of twenty-one meetings have been held with an attendance record of 93 percent.

The purpose of the Planning Board is to plan for the orderly development of Bath in a manner consistent with the wishes of its citizens and to protect the general welfare of the community.

Activities of the Board to the date of this report include the following:

1. Collecting information regarding the present status and trends of our town.
2. Securing advice and assistance from Extension and Soil Conservation Service personnel, the Resource Conservation and Development office, private citizens, members of other Planning Boards, and various State Agencies involved in planning.
3. Sending a representative to a Planning Seminar conducted by St. Anselm's College and the Soil Conservation Service.
4. Purchase and mounting of the latest aerial photos of Bath plus overlays to indicate physical features such as wetlands and flood plains.
5. Visits to various sections of the town where development is taking place.
6. Study and investigation leading to the preparation of a Comprehensive Town Plan plus specific recommendations for acceptable land use patterns.

At present work is being done on subdivision regulations and a zoning ordinance. The Board will soon be holding information meetings to present these plans to the townspeople for their suggestions and approval or disapproval.

The need for some type of regulation is becoming more acute. At present there are eight established subdivisions of major proportions in the town of Bath with more to come.

Number of Pupils	10	7	4	8	5	6

The Bath School District has undergone several faculty changes during this year that should be brought to the attention of the general public since it plays an important part in meeting the minimum standards as established by the New Hampshire State Board of Education.

We were fortunate enough to obtain government funds from the Emergency Employment Act to subsidize four part-time teachers in the fields of Art (Miss Patricia Frackleton), Guidance (Mrs. Mary Sue Kelly),

Library Services (Miss Susan Hakes), and Physical Education (Mr. Earle Tourtilotte). It should be pointed out here that these teachers are being paid with funds from without the district and local funds are **not** being used to pay these people.

A paramount factor in motivating us to obtain federal funds to employ these professionals was to bring the Bath Village School in line with the New Hampshire Minimum Standards. It was mandated several years ago that the Bath voters wanted to retain the elementary school in town and, consequently, it behooved the School Board and administrative staff to update the curriculum and services within the economic structure of the community. But, if and when these funds are no longer available, the Bath School District will then have to decide how much and how far it will go in providing these services for the children of the district.

From time to time we are asked "Why don't we have a Kindergarten for the Bath children?" Our answer is very simply that we have placed this service on the school district warrant and it has been voted down or passed over. Again, this year, it is part of the warrant whereby the school board is presenting a Kindergarten Program at a cost of \$2,000.00 to the district voters for their consideration.

The gross budget for 1972-73 has increased a total of \$849.28. Several areas of the budget should be noted in this report:

190 Series: The expenses of School District Officers has increased by \$1,500.00 and the reason for this is the current litigation involving the Bath School District which is pending in Superior Court.

210 Series: This area indicates an increase of \$800.00 which reflects salary increases for the three staff members employed by the district.

535 Series—Transportation: A new route has had to be established for next year necessitating an increase of \$850.00. Other bus contracts have also increased.

1400 Series—Tuition: For the first time in years this account is holding relatively steady. The following is a breakdown as we see it for 1972-1973:

Lisbon Elementary	
3 @ \$790	\$2,370.00
Haverhill Cooperative (Woodsville Elementary)	
6 @ \$650	\$3,900.00
Lisbon Junior High	
1 @ \$850	\$ 850.00
Haverhill Cooperative (Haverhill Academy Jr. High)	
Grade 7—7 @ \$750	\$ 5,250.00
Grade 8—7 @ 750	5,250.00
	<hr/>
	\$10,500
 Haverhill Cooperative (Woodsville High School)	
Grade 9—14 & \$950	\$13,100.00
Grade 10—10 @ 950	9,500.00
Grade 11—10 @ 950	9,500.00
Grade 12—10 @ 950	9,500.00
	<hr/>
	\$41,600.00

These figures are based on the number of students currently attending area schools and makes no provision for any additional students who may move into the school district. If we have any increase in junior or senior high students another year we will be running a deficit.

May I take this opportunity to thank the school board, faculty and voters of Bath for their support during the past year.

Respectfully,

NORMAN H. MULLEN
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

I herewith submit my second annual report as assistant superintendent of schools.

The year began with our second annual seminar-workshop held at the Lin-Wood High School and attended by the entire staff of Supervisory Union #23. The conference was keynoted by Dr. John Petroski from the Department of Education of the University of New Hampshire who spoke on the subject, "Building a Relevant Curriculum." The workshop dealt with a wide range of subjects including: The Identification of Children with Behavioral Problems, The Computer in Education, Sensitivity Training, Early Childhood Education, Environmental Studies, and Education of Children with Learning Disabilities. The program was funded by North Country Education Services.

This year our remedial reading program is under the direction of Mrs. Barbara Clough. Sessions are held five mornings per week. The children come to the remedial room in small groups so that they may have as much individual attention as possible. We feel that this activity has been extremely helpful to children with reading difficulties. This program is supported entirely by federal funds under E.S.E.A. Title I.

I am pleased to report that by the fall of 1972 the Bath Village School will be very close to the State's Minimum Standards for elementary schools. This is partially due to the addition of special teachers in the areas of physical education, art, guidance, and library services.

In September Mrs. Bessie Tewksbury assumed the duties of school lunch operation from Mrs. Caroline Lamarre. The program continues to enjoy 100% participation. We are grateful to Mrs. Tewksbury and her assistant, Mrs. Irma Clough, for a fine job.

Once again may I take this opportunity to thank everyone connected with the Bath School District for their fine cooperation.
